This Memory Of You

Vince Gill

The blues are in the air tonight
Love has gone and passed me by without a warning
I light up another cigarette
The pain hasn't hit me yet but I know it's comin'
And your perfume lingers still upon my pillow case
The tears just started fallin' down upon my face
I lie here in the loneliness with this memory of you
I don't know where you are tonight
I'm starin' at the candlelight and I miss you, babe
In the darkness here all by myself
I imagine you with someone else, I'm gong crazy
And with everything about you dancing in my head
Girl, I sure am lonely in this empty bed
I lie here in the loneliness with this memory of you
And your perfume lingers still upon my pillow case
And the tears just keep fallin' down upon my face
I lie here in the loneliness with this memory of you
The blues are in the air tonight
Love has gone and passed me by
