

Imagination

David LeMair

Used to dream about a girl named MaryJoe
And in the dream sheâ€™d follow where ever Iâ€™d go.
Everywhere that I went she was sure to go
Sheâ€™d follow me around the world
Never missing a show, never missing a show.

Once I dreamt that I was sitting naked by the phone
I swear it was the strangest feeling that Iâ€™d ever known.
When everyone that Iâ€™d ever met walked into the room
All they did was stare at me like they were looking
Into a tomb, into a tomb..

Chorus
Imagination
Imagination
My Imagination is
Driving me mad.

Once I dreamt that I was looking for shells on the seashore
Enjoying the sun and thinking of nothing more.
When all of a sudden a tidal wave crashed upon the beach.
They say if you die in a dream you die for keeps,
You die for keeps.

I dreamt I was on the wings of a giant bird
I screamed for help but nobody heard.
It took me way up high and dropped me from the sky
as I fell I realized Iâ€™I could flyâ€™I could fly.

Chorus

I used to dream about a girl named MaryJoe,
And now she follows me wherever I go.
I donâ€™t know whatâ€™s up, I keep falling down
I look at the world and I see a clown,
I see the face of a clown.

Chorus
