

Christmas With You Is The Best

The Long Winters

We both hate the holidays
Our parents act crazy
And the mall is insane
Let's skip it all
And have a non-traditional non-denominational celebration Christmas with you is the best
We'll have no turkey or guest
Sleeping late but before we get dressed
I want to give you a present It was fun when I was a kid
And then it started getting strange
I got too old for toys and games
And now i have you
And I think we should choose
A non-traditional non-denominational celebration Christmas with you is the best
We'll have no turkey or guest
Sleeping late but before we get dressed
I want to give you a present We both hate the holidays
Our parents act crazy
Let's have non-traditional non-denominational celebration Christmas with you is the best
We'll have no turkey or guest
Sleeping late but before we get dressed
I want to give you a present
I want to give you a present
I want to give you a present
I want to give you a present
