Stronger Than My Fears

SHEL

Stronger Than My Fears

All my fears are running wild
Draging me mile after mile.
Think its time I take the reigns
Play the hero for a change

Cause Im stronger, stronger than my fears

Over fields of doubt I march
Fighting hard to frame my heart
Still I hear my old fears call
Who are you to stand so tall?

Well Im stronger Im stronger than my fears

Every day we have a choice
Fear has nothing but a voice
It may whisper it may scream
Well Im no longer listening

Cause Im stronger, stronger than my fears
