

Secular Love

The Casket Girls

it's classical
an invitation to the golden age
it's celestial
a spaceship from a steel cage
say it again
i'm treading water in the deep end
save me now
the gospel of a masked mansecular love on heaven's trail
god's eye view and the devils in the details
up above on heaven's trail
stairways bridges and doors
and the key to my heart is yours
secular love on heaven's trail
devil's in the details
it's a fantasy
will there ever be a you and me
hold your tongue
and let me live eternal mystery
