Sweet wild eyesâ€¨Who are you tonightâ€¨With your secret guide by your side You lie down and look to the sky
Please stay a while

You just want me to remember
You just like to remember me
You just want me to remember
You just like to remember me
Oh and how you like to smileâ€¨It always means somethingâ€¨Just not what I think it meansâ€¨Oh and how you make me thinkâ€¨In ways I feel I donâ€™t know anything

Sweet child of nightâ€¨Something here isnâ€™t rightâ€¨Oh how pretty you hideâ€¨I want you more when you wave goodbye
Please stay a while
You just take me up and down
And leave me in betweenâ€¨You just take me up and down
And leave me in between
Oh and how you like to smileâ€¨It always means somethingâ€¨Just not what I think it meansâ€¨Oh and how you make me thinkâ€¨In ways I feel I donâ€™t know anything
