

Colorscreen

Jenny Franck

Paint my lips a color greenâ€”
You think you called it how you seem
â€”Tunnel through one and two
â€”I like to call me, meâ€”
Not youâ€”
Me, youYou know me and I can tellâ€”
You're sick of this place-oh well
â€”If shadow's spoke-they'd swell
â€”I'm so sorry you know me well-oh wellâ€”
Oh wellHey there girl I'm your Colorscreenâ€”
Disguised as you want quickly changing scenesâ€”
Born so red, brought up so greenâ€”
Everyday turns yellow meanâ€”
MeanSun shines brightly in my faceâ€”
Reminding me how I disgrace
â€”Paint my lips a color greenâ€”
You like to paint your Colorscreenâ€”
Your sceneHey there girl I'm your Colorscreen
â€”Disguised as you want quickly changing scenesâ€”
Born so red, brought up so greenâ€”
Everyday turns yellow mean
â€”MeanPleased to meet you
â€”I can see youâ€”
I can change meâ€”
Just to be youâ€”
I'm so dressed up
â€”You're so messed up
â€”We should fess up
â€”Make the best of this
â€”Of thisHey there girl I'm your Colorscreenâ€”
Disguised as you want quickly changing scenes
â€”Born so red, brought up so green
â€”Everyday turns yellow mean
â€”MeanPaint my lips a color green
â€”I think I called it how you seem
â€”Tunnel through, me to you
â€”You like to call you me, not you
â€”Me, you
