E-40 -one night stand
Let's go baby girl let's go
Let's get the mother fucking flow baby girl let's go
Everybody in the club on the floor for sure
Let's get some mother fucking slap on that's for sure
Let's go baby girl let's go
Let's get the mother fucking flow baby girl let's go
All my nigas in the club on the floor for sure
Let's get some mother fucking slap on that's for sure
Never running outta lingo
40 water right back at em with another single
Money longer than the neck on a flamingo
20,000 dollar bet in the casino
I got a partner on parole that just got out of chino
Not a rookie but a vet like dan marino
My favorite actor on the set al pacino
This is a heater man, hot like jalepeno
Follow the leader
40 from califoolya you hearing in your speaker
My life ain't no cartoon it's not animated like seta
Hot like a hot air balloonist I'm just an opportunist
The sooner the better you let me know that we can do this(Chorus)
Excuse me lady I been lookin at you from over here
And I was wondering if I could buy you a beer
And maybe later we can cud,
I don't want to be your man
I don't want to be the one let's have a one night stand
I know I don't know you and stuff
But maybe we could get to know each other
Over a couple of glasses of whatever's in this cup
I don't wanna go and dance
I don't wanna be the one let's have a one night stand
Let's get it cracking like some broken bones ,money
mackin'
Talkin on them burnout phones, cadillacin'

Wood grain dash, and doors and floor mats
 Good game cash, I stash the store raps
 PS2 clarity, diamond watches and super bam botches
 Eclair and cotches and choppers fresh out the boxes
 I like to polish my rims and tires
 Hundred spokes wide
 With armoral baby wipes cause my baby drink wine
 Nothing but the best on the flesh, just like sex
 Rubbin lotion all on her gluteus maximus
 I don't see no ring all I see is miss 60 jeans
 Walking through the club like she ready to do some things
 Full of that turtle, got 40 smelling like skunk
 But everybody knows you can't smell yourself when your drunk
 Posted at the bar I'm a star I get a bar
 2-way me you're number I'll give a player a card
 Chorus This is for my fuckers who lets in all my guys
 There's a new rapper in town E40's on the rise
 Known for having sic wit it records and jive ties
 Business men always at work like barry white
 The guy with all the slang in the game about the yey
 Gorillaz , marine world africa USA
 You feel us, it's sick out here in the bay where we stay
 You kill us, I wish that somebody would come and pray
 Live life like there ain't no tomorrow, ain't no tomorrow
 Life is something that you can't borrow, that you can't borrow
 Everyday's a holiday
 Everyday may we celebrate
 Everyday we modulate
 Everyday may we perculate
 Chorus Let's go baby girl let's go
 Let's get the mother fucking flow baby girl let's go
 Everybody in the club on the floor for sure
 Let's get some mother fucking slap on that's for sure
 Let's go baby girl let's go
 Let's get the mother fucking flow baby girl let's go
 All my nigas in the club on the floor for sure
 Let's get some mother fucking slap on that's for sure
