Ball And Chain

Poison

Yea, yea, yea, see, see
Why don't you stop your teasin'
And stop your old music?
Come on, come on
Get on your dress and put on a smile
Let's lose this place
And get out awhile, awhile, awhile
You don't need nothin' fancy
Just a whole lot of attitude
I'll be your man now, baby
If you're doin' what I want you to do
I keep on tellin' ya
She's my ball and chains, my lock and key
I'm liking it, baby
She's my ball and chains, my lock and key
I'm liking it good
I'll t-t-tell ya, momma always said
There was plenty of fish in the sea
And so I baited my hook but good
And caught one for me, yeah, just for me

She'll set you up with her body
And then knock you out with charm
She's just a little too nasty, baby
But that never did me no harm, no
She's my ball and chains, my lock and key
I'm liking it, baby
She's my ball and chains, my lock and key
I'm liking it good
She's my ball and chains, my lock and key
And she'll always be wrapped tight around me, oh, no
She's my ball and chains, my lock and key
I'm liking it, baby
She's my ball and chains, my lock and key
I'm liking it good
She's my ball and chains, my lock and key
I'm liking it, baby
She's my ball and chain, my lock and key
And she'll always be wrapped tight around me, I t-t-tell ya now
