# Sholiz

## Nappy Roots

Sholiz, Yean know dat?
Yo, I snuck a dollar out my momma purse
Headed for that juice joint
Twenty worth of Colt, 75 to the crossroads
'Lac bone, filled to the gills on a gravel road
How to roll, X and a O make a heavy load
Nappy on the track, make ya back hit the dance flo'
Drivin' like a grandma, actin' like an asshole
Skinny who? Sholiz folk, whattcha ask fo'?
Ballin' on a budget, fuck ya dubs on the astro
No more Grand Martin, get a fifth of Goose
And a duck with goose, don't need shit with juice
Look at me, dawg, you can tell I'm southern bred
Wear alotta blue but I love the red
Somethin' all black, think mad 'cuz I act like I'm all that
Tight braid red bean under my straw hat
Tripped over ya jaw, ya ain't think I saw that?
Whassup, my folks? Sholiz
Peoples in slums just slump, sholiz
Nappy with the country bump, sholiz
This is what the country want
(Yep, it sholiz)
Whassup, my folks? Sholiz
Peoples in slums just slump, sholiz
Nappy with the country bump, sholiz
This is what the country want
(Yep, it sholiz)
Fish Scales scuba divin' on a remote island
Me and Skinny D, Big V [Incomprehensible]
These guys surprise us, depicts us like bubble letters
Is that a hoochie and some coochie cutters?
Hey bitch, ya look good
Really wanna play in the trench but I should
If ya come sit on this dick, I might would
Hold up hater, I don't want no disrespect
I don't want shit but next
Oops! Came through spillin' my pitcher
Scales in the back feelin' the swisher
Thought you knocked me out the frame but I'm still in the picture

Thought at first Nappy was lame but I'm willin' to bet ya
We'll sell more next year
Good God Almighty, look at what we have here
Old English, malt 50, somethin' clear
We gon' cut the shit talk skinny with the steel
Gonna drop it down, weigh it up and lay it on the scale
Whassup, my folks? Sholiz
Peoples in slums just slump, sholiz
Nappy with the country bump, sholiz

Hit the club so fresh and so clean
Bitches love the cess, I'm smoking
Remove they O-Ring, then soon eloping
Take my last swallow now we spinnin' the bottle
I'ma get me a model, you'd have a better chance winnin' the lotto
Twenty dollars, check 'em in the Ramada
Gotta leave the do' open so Skinny can follow
Yep sholiz, takin' no shit
Get the chance again, we dip then blow wig
Nappy with the sho' shot, yeaga know this
We run up in this bitch and get so rich
Now everybody ain't rich, they just wanna be flashy
Tryna big ball like Drama and Jazzy
Playa you don't understand this B.O.B.
That's the reason these drinks can't be on me
