

# Some Girls

## Racey

Some girls will, some girls won't  
Some girls need a lot of lovin' and some girls don't  
Well, I know I've got the fever but I don't know why  
Some say they will and some girls lie So here I am in front of you  
Not really knowing what to do  
My heart is feeling something new  
Nervously I turn away from you  
I see the looks you're sending me  
Is this the way it's meant to be?  
It's something we should talk about  
Just give me time to work it out Some girls will, some girls won't  
Some girls need a lot of lovin' and some girls don't  
Well, I know I've got the fever but I don't know why  
Some say they will and some girls lie I find your company to be  
Something completely new to me  
Now that I know you socially  
Obviously I'll fall heavily  
I've seen those looks you're sending me  
This is the way it's meant to be  
There's nothing left to talk about  
Oh, how I wish you'd work it out
