The Stations

The Gutter Twins

Oh mama, aint no time to fall to pieces
He has arrived, He has arrived
Led by the grace of God go I
I dont know what they mean
I dont know what they mean and I say, ah, ahOh father, now I can believe youre leaving
Seen through your eyes, seen through your eyes
There by the grace of God go I
I dont know what they mean
I dont know what they mean and I say, oh, ohI hear the raptures coming, they say Hell be here soon
Right now theres demons crawling all around my room
They say He lives within me, they say for me He died
And now I hear His footsteps almost every nightOh children, this is where they come to take me away from here
I dont know what they mean
I dont know what they mean and I say, ah, ah, ah, ah
