

# The Night

Frankie Valli

Frankie Valli  
The Motown Years  
The Night  
Beware, of his promise  
Believe, what I say  
Before, I go forever  
Be sure, of what you say So he paints a pretty picture  
And he tells you that he needs you  
And he covers you with flowers  
And he always keeps you dreamin  
If he always keeps you dreamin  
You won't fear the lonely hours  
If a day could last forever  
You might like your ivory tower But the night begins to turn your head around  
And you know you're gonna lose more than you've found  
Yes, the night begins to turn your head around Beware, of his promise  
Believe, what I say  
Before, I go forever  
Be sure, of what you say For the word become too easy  
If you don't believe I'm leaving  
And goodbye may come too quickly  
If you think he really loves you  
If you really think he loves you  
You would give your love so sweetly  
And the day would last forever  
You would fall in love completely But the night begins to turn your head around  
And you know you're gonna lose more than you've found  
Yes, the night begins to turn your head around
