Test for Echo

Rush

Here we go, vertigo
Video vertigo
Test for echoHere we go, in slo-mo
Video vertigo
Test for echo, test for echoSome kind of trouble on the sensory screen
Camera curves over caved-in cop cars
Bleacher-creatures, would-be desperados
Clutch at plausible deniabilityDon't touch that dial
We're in denial
Until the showcase trial on TVHere we go, vertigo
Video vertigo
Test for echoSome kind of pictures on the sense O'clock news
Miles of yellow tape, silhouetted chalklines
Tough-talking hood boys in pro-team logo knock-offs
Conform to uniforms of some corporate entityDon't change that station
It's a Gangsta Nation
Now crime's in syndication on TVWhat a show, vertigo
Video vertigo
Test for echoTouch and go in slo-mo
Video vertigo
Test for echo, test for echoVertigo
Vertigo
Video vertigoSome kind of drama live on satellite
Hidden camera coverage from the crime scene to the courtroom
Nail-biting hood boys in borrowed ties and jackets
Clutching at the straws of respectabilityCan't do the time?
Don't do the crime
And wind up in the perp walk on TVHere we go, vertigo
Video vertigo
Test for echoWhat a show, vertigo
Video vertigo
Test for echoHere we go, in slo-mo
Video vertigo
Test for echo, test for echo
