

# Whenever

## Russ

[Intro][Bridge]  
Running the city wild  
I think you're in denial  
You drinking just by yourself  
You thinking just 'bout yourself  
[Verse 1]  
Ok I'm pouring out a bottle for two of my ex's  
Like dos equis  
I tell the girl I'm talking to right now  
"Dont tempt me"  
Cuz you're really looking like my next breakup song  
She dont sleep on me  
I'm the one she stay up on  
But why is every first date like an interview  
Why I gotta take you out  
Just to prove I'm into you  
Why I gotta trust you just to find out if I can  
Shit why I gotta fuck you just to find out if I can  
Yo listen[Chorus] x2  
Since forever ain't forever lets just kick it 'till whenever  
I can't promise that I'll love you but at least we'll be together[Bridge]  
RunninG the city wild  
I think you're in denial[Verse 2]  
I'd rather slap you with the truth  
Than kiss you with a lie  
You're so busy making a living  
That you forget to make a life  
You should come thru  
Let me plant diamonds in your head  
She said "I'm tired of always sleeping diagonal in my bed"  
"I'm tired of always leaving in an uber"  
"I'm tired of losing lovers and loving all these losers"  
I say "You bring it all on yourself"  
Then we smoke then we drink  
I tell her "Go think it over, but dont ever over think"[Chorus] x2  
Since forever ain't forever lets just kick it 'till whenever  
I can't promise that I'll love you but at least we'll be together[Outro]  
This ain't your fantasy  
Come over here and money dance for free

Come dance with me  
Get in your boss stance with me
