I Am Hell

Concise

Yeah, sorcita, nu nam-o wan gumba
Yeah, we've been in the fightin' games lately
Like were playin' a gun, yeah
I cant remember what the hell I've tried
You and me, we ran across the back of the ceilin'
I can't live without my gun, the hell is coming
Wow, wow, wow
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
I am Hell, sir
I am Hell, sir
I am Hell, sir
I am Hell, sir
Yeah, while I imagine in my gear, the brother start to tremble
Raw nerve impound the black end
Let me wrap my mouth and get healin'
Love gets her shoutin' and the beast is shoutin'
Wow, wow, wow
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
I am Hell, sir

I am Hell, sir
I am Hell, sir
I am Hell, sir
Yeah, well, I am-a rollin'
I'm rollin' harder in cold breathin'
Wanna get up early
I get more to clip me deeply
Yeah, keep holdin' me, baby
You're movin' faster in my feelin's
A-bite down early
I want a chance to dig it in you
Yeah, reach down and light my roll
And feel it let me run it through you

I took for fighting and I live in myself when I'm feelin'
A little fightin' and the beast is shoutin'
Wow, wow, wow
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
Might he kill 'em, might me kill again, killin' it
I am Hell, sir
I am Hell, sir
I am Hell, sir
I am Hell, sir
