Dreamworld

Something for Kate

The Breakfast Creek Hotel is up for sale
The last square mile of terra firma gavelled in the mail
So farewell to the Norfolk Island pines
No amount of make believe can help this heart of mine[Chorus]
End - your dreamworld is just about to end
Fall - your dreamworld is just about to fall
Your dreamworld will fallSo shut that buckle and turn that key again
Take me to a place they say the dreaming never ends
Open wide drive thet mistery road
Walk through Eden's garden and then wander as you goChorus
