

# How We Roll (feat. Tanya Lacey) (Wawa Radio Edit)

[Loick Essien](#)

(Welcome, and that's just how we roll) Oh, fitted tee black jewelry  
I know I stand out  
I don't need to try fully  
I check the lime light if you don't think you'll get quicker  
It's like catch me if you can like some gingerbread... oh  
I never ride solo  
It's me and my chick looking like slow mo  
And we only roll through guns blazin'  
So you don't wanna roll with either me or my lady Time after time  
They try and prove me wrong  
And nobody knows the way she saves me We have a real top shotta'  
Hotter than hotter  
Boy I'm in, I look for no other  
You know You and me on our own  
You should already know  
It's just me my baby oh oh  
Me my baby oh  
Back to back and reload  
Pack our bags, hit the road  
It's just me my baby oh oh  
Me my baby oh  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll They say love can be deadly  
I know this already  
I know what I like  
Stop trying to scare me  
If only you knew  
The things we've been through  
Then maybe you would leave us both alone So time after time  
They try and prove me wrong  
But nobody knows the way she saves me We have a real top shotta'  
Hotter than hotter

Boy I'm in, I look for no other  
You know You and me on our own  
You should already know  
It's just me my baby oh oh  
Me my baby oh  
Back to back and reload  
Pack our bags hit the road  
It's just me my baby oh oh  
Me my baby oh  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And I swear  
Wherever we go from here  
We'll be one til the sky falls down  
Yeah You and me on our own  
You should already know  
It's just me my baby oh oh  
Me my baby oh  
Back to back and reload  
Pack our bags hit the road  
It's just me my baby oh oh  
Me my baby oh  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
And that's just how we roll  
(Me and baby) (I don't want you to ever leave)  
Me and my baby ooh
