

He Understands My Tears

The Isaacs

He understands my tears

It's hard to believe he still loves me
Knowing how wrong I have been
When all I can say is, "I'm sorry"
When all I can feel is my sin

He understands when all I can do is cry
He feels the hurt that no one can see down inside
And when the words get in the way
I know he stills hears
For he understands my tears

You may not believe that I'm broken
For all you can see is my smile
Oh but he hears the heart that's unspoken
And he gives me strength through each trial

He understand when all I can do is cry
He feels the hurt that no one can see down inside
And when the words get in the way
I know he still hears
For he understands my tears

Oh and when the words get in the way
I know he still hears
For he understands
When no one else can
He understands my tears
