

Silver Ships

Golden Earring

From the Album:

* Seven tears

Way beyond the horizon of the universe

A silver light shines on me

And way beyond my thoughts

What could there be

The silver light flies faster than at first

And I don't know what it will bring

And I don't know what it may be

And when it falls through the starry sky

I know it falls for me

refrein:

Silver ships won't you come on down

You can land all is clear

Can't you hear I'm here

Way beyond the horizon of the universe

Space ships are speeding fast

And don't you know they have watched

us for a thousand years

And don't you know we'll die at last

No solution for Mother Earth

Only confusion for the earthly herd

And when it falls through the starry sky

Who knows what life is worth?

refrein:

Silver ships won't you come on down

You can land all is clear

Can't you hear I'm here
