Translation

Seems like you were hiding the little reason that connected you and I
Oh no, seems like you're getting far away
I still want to know more about you
Tell me a little more about yourself
Even the trivial things
Now, it's going to be a long speech
And it's going to be a little awkward too
Oh no I don't like you getting far away
Please tell me you want to stay with me from now on
What does your heart say?
I also want to know you
I want to get to know your lips too
Quickly, come up to me
I know you want to approach me
Slowly, I'm going to be infatuated with you
A little more
Always, I can't seem to say anything
When I'm with you day by day
Even though I know I'm wasting time
Once again, I'll ask you, one more time
Please tell me that you're also the same.
I spent a very long time in front of a Hongdae cafe
We spent time together until the Chai Tea Latte is cold
There's a shocking sensation when fingertips touched,
So you pulled your hand out and touched your collar shyly
I'm not going to leave your side
When I stand alone, what if I fall down?
I really want to look good in front of you
I want to ask you whether you're thinking the same thing
But I flutter, as if I secretly reading someone else's diary
Should I say it?
Then, will you answer it?
Seems like I'm the only one getting worried unnecessarily,
Seems like I become clumsy
Shall we start sending text messages?
But this is not right
Ah, I'm going crazy

I also want to know you
I want to get to know your lips too
Quickly, come up to me
I know you want to approach me
Slowly, I'm going to be infatuated with you
A little more
I also want to know you
Even right now, I miss you
Quickly, come up to me
I know you want to try holding my hands
Slowly, I will wait
A little more
