

Two Rivers

Avril Lavigne

Grains of sand slip through your hands

Never ceasing time

Fold your hands in silent prayer

Eternal peace you'll find

[CHORUS] Like two rivers flow

to the open sea

Someday we'll reunite

for all eternity

Let the rain falling on your face

Run in to your eyes

Can you see the rainbow now

Through the stormy skies

[CHORUS] Like two rivers flow

to the open sea

Someday we'll reunite

for all eternity

Like two rivers flow

to the open sea

Someday we'll reunite

for all eternity

Standing in the rising tide

Heaven's light shines on you

On you, on you

Test the sea rising at your feet

How far can you go

Til you need God's helping hand

To ride the under-toe

[CHORUS] Like two rivers flow

to the open sea

Someday we'll reunite

for all eternity

Someday we'll reunite

for all eternity

Someday we'll reunite

for all eternity
