

Peer (LP Version)

Chevelle

I'd like to leave this
In my youth
You pick me up on the way
Send away virus Drink sight is water
Drink sight is water
Watch him sell mugs to bikers
To make a million dollars
Place your stamp here
Send out love letters C'mon enough said
The skin on top his hand
Has dried to red The words, want 'em touch 'em
The nerve, why are you here now
Why are you
Why are you
You Back off peer
I am on top of this
Back off peer
I am on top of this back off
I need to make decisions
And I want to leave yea back off
Back off peer
I want to make decisions
And I want to leave yea back off Back off, back off
(Back off)
Back off, back off
(Back off)
Back off, back off
(Back off)
Back off, back off
(Back off) Yeah
