

# You Know What's Up (feat. C.O and Sky-lyn)

Cam'ron

This bitch ain't nothin' but a filthy slut that's why I  
Fuck bitches, all I do is fuck bitches  
This bitch ain't nothin' but a filthy slut that's why I  
Fuck bitches, all I do is fuck bitches  
So you ho's, you should know what's up  
When you see me, you know it's time to fuck  
Fuck bitches, all I do is fuck bitches Bitches ain't shit but hoe's and tricks  
I fucked her in the crib, then in the whip  
And after I fuck her I'm takin' the chips  
I'm takin' the whips but she can keep the kids I fuck good bitches, bad bitches and stick  
Shawty's so bad I'm glad she's all on my dick  
I took her to the crib and we were smokin' the piff  
Now she's twisted, suckin' the dick I ain't tryin' to get played like no silly ho  
I just get what I want then I'm out the door  
So if you think that you fuckin' me baby boy, you got it twisted  
You got it twisted, you got it twisted I just want to hit it and split it, then move on  
If you thinkin' I'ma stay, you know you're so wrong  
Unless you got the cash, you ain't seein' the stash  
Now you mad, catchin' feelin' and that's just too bad This bitch ain't nothin' but a filthy slut that's why I  
Fuck bitches, all I do is fuck bitches  
This bitch ain't nothin' but a filthy slut that's why I  
Fuck bitches, all I do is fuck bitches  
So you ho's, you should know what's up  
When you see me, you know it's time to fuck  
Fuck bitches, all I do is fuck bitches Your girl a ex dust junkie but a butt dunkey  
Keepin' it just funky, she a slut monkey  
Yeah, true blue, who knew, you knew  
Fucked her in the ass, started to leak yo, hoo Woo, ooh, started to cry, I said boo, ho  
Calm down boo, boo  
You an animal, yeah, from the zoo crew  
Want me to stop, nah killa, do you Brought my niggas in the room, ran a choo, choo  
All of a sudden the bitch said sow, woo  
Looked at her like ma you delirious  
Said nah Cam, just caught my period Know what I'm thinkin', machete season  
Smack blood out her, nah she already bleedin'  
Now sittin' in, with nothin' on  
So I jerked off, left her nutted on This nigga ain't shit if he ain't got no chips  
That's why I fuck niggas, all I do is fuck niggas  
If he can't eat the pussy, I ain't suckin' shit

That's why I fuck niggas, all I do is fuck niggas  
So you main niggas, you should know what's up  
Every time you sleep with me, you be tryin' to fuck  
Fuck niggas, all I do is fuck niggas
