Inseperable

Miki Howard

Inseparable, thats how well always be
Inseparable, just you and me
Its so wonderful
To know youll always be around meIncredible, what you are to me
Incredible, you bring out the woman in me
With your style of love
Inseparable, yes, we areWere like a flower to a tree
Like words to a melody of love
Theres no way we can break up
No words that can make us blow our thingWere just inseparable, thats how it is
Inseparable for the rest of our years
Its so wonderful
To know youll always be around
