

Baby I Like

Us5

[Intro (Jay):]Ha, yeah, US5!

I like the way you work
I like the way you're teasin' me
I wanna be your fantasy

[Verse 1:]Girl I like the way you move

Seen you from across the room
I feel your body close to mine
Our temperature is risin' now

[Chris]fancy cars and neon lights
take us to another hype
how about we'll spend our lives together
forever

[Bridge:]She's so right
pure delight

I just want to hold her tight
I feel my body shaking 'cause I like it
I like it!

Don't think twice, be my wife
take a trip to paradise
I wanna make you satisfied
'Cause you're the one I like

[Chorus:]Baby I like
The way you work that body for me
You do it so sensationally
I like the way you're teasing me
Girl I'd like

to take you on a journey with me
I wanna be your fantasy
I wanna be your everything
tonight

Nananana nananana (houuu)
Nananana nananananana
Nananana nananana

[Verse 2 (Mikel):]Girl we're getting closer now

Don't be shy just let it out
I take you on a magic ride
We can do it every night

All you wish is my desire
Tell me what you like and I will be there
I'll be there
