

Touch

Jackson 5

Reach out and touch
Reach out and touch Darlin', just relax, you melt me like hot candle wax
One touch and my whole body melts
You just say, you say, you can't express yourself
Oh, just keep doin' what you're doin', fancy words will only ruin it Touch, that very special touch
If I satisfy you how will you satisfy me, baby? Don't you worry, baby
Why you see these tears of love in my eyes
I feel this love flowin' through
Like a river, girl, straight from me to you Your touch means more than words
Than any language ever heard
Touch that very special touch
Every brand new day I wake up wanting you the same ol' way Touch, that very special touch
Yeah, touch, that very, very special touch, baby
If I satisfy you how will you satisfy me? Touch, that very special touch
Touch, that very special touch
If I satisfy you how will you satisfy me? Touch, that very special touch
Touch, that very special touch
