

I Pray for You

[Amy Rivard](#)

So it's another lonely night livin with my fantasies
All on my own, these dreams in my head hoping for something real
Someone who cares as deeply as I do
Someone livin this pain too
I pray for you I can't do it anymore. I'm tired of bein alone
I'm tired of cryin, I want to feel you near
Who is this life for?
But I won't let these tears on my page wash away this song I need to say I pray for you
I pray for you
If you're cryin like me
I pray that somehow you'll get through
I pray for you
Every night when the stars seem dim, look out the window and see
A star getting so closer so bright cuz you know I'll be your light
When you're finally standing by my side,
Maybe then all the world will seem right I pray for you
I pray for you
If you're cryin like me
I pray that somehow you'll get through
I pray for you I imagine the laughter and the way you'll make me smile
And the secret jokes known only by you and I
I see us walkin into eternity
With your hand held in mine, it'll be worth the wait, you'll see So it's another lonely night livin with my
fantasies
All on my own, these dreams in my head hoping for something real
Someone who cares as deeply as I do
Someone livin this pain too
I pray for you
I pray for you
If you're cryin like me
I pray that somehow you'll get through
I pray for you
