

In the Kissah

Fefe Dobson

I gave it all just for you
And you needed help for what you threw
And you think that you would remember
Paved your way
When you thought
You only remembered how to use me One day, girls (ooh)
Oh, Right in the kissah
One day, girls (ooh)
Oh, Right in the kissah You blocked reality when you were here
And now you're gone and it's so much clear
When the girls walked by
You love me you would say
You hook up, you get caught
I'm in denial so I forgave you One day, girls (ooh)
Oh, Right in the kissah
One day, girls (ooh)
Oh, Right in the kissah All I wanna know
Is what I've done to you
You think that I'm confused
And I'll just run to you
Whatever, whatever
I'll be fine [x6]
Back to you
(I think you should know) One day, girls (ooh)
Oh, Right in the kissah
One day, girls (ooh)
Oh, Right in the kissah Now that you're gone
I finally see
My friends were right
You were wrong for me
You never controlled me
I gave you the control
This song's for you
I want you to know I'll be fine [x14]
If you get what you deserve One day, girls (ooh)
Oh, Right in the kissah
One day, girls (ooh)
Oh, Right in the kissah
(Just know that) One day, (One day) girls (ooh)

Oh, Right in the kissah
One day, (One day) girls (ooh)
Oh, Right in the kissah
