

Fire in the Hole

Orange 9mm

You think you know me, you bet your life you do
I'd beg to differ, no matter what you'll do
There's fire in the hole, I've gotta let you know
Like fire in the hole, I got you and I want to blow you down
The words are hot, don't cry nowThere's fire in the hole, there's fire in the hole
I've gotta let you know, there's fire in the holeI'd beg to differ, no matter what you'll do
I can see night through your eyes I despise
The things you have said were lies
Was I supposed to fold?
Why can't I let you go?
Like fire in the hole, I got you and I want to blowYou'll never let me down
You'll never let me down
You'll never let me downYou think you know me, you bet your life you do
I'd beg to differ, no matter what you'll do
There's fire in the hole, I've gotta let you know
Like fire in the hole, I got you and I want to blow you down
The words are hot, don't cry nowThere's fire in the hole, there's fire in the hole
I've gotta let you know, there's fire in the hole
