

On the Floor

No Secrets

Our jam is pumpin' on your radio
I know you see my brand new video
Our faces always in the magazines
Now here's a side of us you've never seen
Our jam is pumpin' on your radio
I know you see my brand new video
Our faces always in the magazines
Now here's a side of us you've never seen
Feels good, comin' from your stereo
Tonight, gettin' ready for the party so
All my friends blowin' up my line
Sayin', "Girl, what's going down tonight?"
So I tell them where the party's at
Full swing, is everybody down with that?
Just a blast from my favorite song
'Cause we'll be dancin' all night long
Don't y'all love being at your favorite spot
Where the feelin' is good and the music is hot, hot
Don't y'all love being at your favorite place
Where the DJ's got you
On the floor, that's where it goes down
Everybody's dancin' to my brand new sound
That's right, gotta move tonight on the floor
On the floor, that's where you gotta be
Movin' and shakin' it constantly
That's right, gotta move tonight
On the floor tonight
Our jam is pumpin' on your radio
I know you see my brand new video
Our faces always in the magazines
Now here's a side of us you've never seen
It's about time to move it to the next phase
My house, the party's back at my place
All my friends standin' by my side
Sayin', "Girl, look what you've done tonight"
Hot guys, I really wanna turn it up
Hot girls, got the moves to make 'em drop
When the music's pumpin' loud
I lose myself out in the crowd
Don't y'all love being at your favorite spot
Where the feelin' is good and the music is hot, hot
Don't y'all love being at your favorite place
Where the DJ's got you
On the floor, that's where it goes down
Everybody's dancin' to my brand new sound
That's right, gotta move tonight on the floor
On the floor, that's where you gotta be
Movin' and shakin' it constantly
That's right, gotta move tonight
On the floor tonight
Our jam is pumpin' on your radio
I know you see my brand new video

Our faces always in the magazines
Now here's a side of us you've never seen This is how we do it
Movin' and shakin' it, shakin' it
Movin' and shakin' it, shakin' it
Movin' and shakin' it, shakin' it
Movin' and shakin' it On the floor, that's where it goes down
Everybody's dancin' to my brand new sound
That's right, gotta move tonight on the floor On the floor, that's where you gotta be
Movin' and shakin' it constantly
That's right, gotta move tonight
On the floor On the floor, that's where it goes down
Everybody's dancin' to my brand new sound
That's right, gotta move tonight on the floor On the floor, that's where you gotta be
Movin' and shakin' it constantly
That's right, gotta move tonight
On the floor tonight
