

# God Is Love

## U-God

Well I'm a east coast walkin'  
travelin', a talkin'  
With a priority message today  
Don't let your blind faith  
Leave ya'  
Tomorrow may need ya'  
Just come on won't ya'  
Sing it with me

Chorus

Oh, can you feel the power  
Within your soul  
Ya' got it  
Got it, got  
Can ya' feel the power, yeah  
Can you feel the power  
Within your soul

Chorus

Love is God  
God is love  
Love is God  
God is Love

Well I'm a east coast, west coast  
It don't matter to me  
We've been to both sides  
And everything in between  
Oklahoma City born  
With many places to go  
We got a lotta' things to say  
So many seeds to sow

Chorus

Come on and say I  
Say I know  
Say I know  
We can work it out  
Say we  
Say we know  
Say we know  
You can work it out

Our love is starin'a revolution  
My love is startin' a revolution  
Your love is startin' a revolution  
Out love is startin' a revolution  
Our love is startin' a revolution  
Our love is startin' a revolution

Ah you got, got

To live

Our love is startin' a revolution  
Your love is startin' a revolution  
Out love is startin' a revolution  
Our love is startin' a revolution

Got it

Can you feel the power now

Can you feel the power

Within your soul

Love is God

God is love

Love is God

God is love

Chorus
