

Heart of Stone

Jonathan Jeremiah

I've been feeling, I've been felling
I've been feeling like you best get round
I've been hurting, I've been hurting,
I've been hurting but there's no way out
I've been hurting but there's no way out

I've been ?, I've been ?
I've been ? since the day you left
Now I'm wondering, now I'm wondering
Now I'm wondering cause you don't regret
I'm wondering cause you don't regret
I said I'm wondering cause you don't regret

You got a heart of stone
You got a heart that feels so cold
But I'm not letting go
I'm just remembering you know
You got a heart of stone

I've been thinking, I've been ?
I've been addicted since you put me down
I'd be better, I'd be better baby
I'd be so much better ? without
I'd be better better off without
I'd be better better off without

You got a heart of stone
You got a heart that feels so cold
But I'm not letting go
I'm just remembering you know
You got a heart of stone yeah
You got a heart of stone
You got a heart that feels so cold
But I'm not letting go
I'm just remembering you know
You got a heart of stone
You got a heart that feels so cold
But I'm not letting go
I'm just remembering you know
You got a heart of stone
