# Before You Leave

## Kurt Nilsen

Verse 1
Stay, stay a little longer, do you have to go away
Stay, stay for tomorrow, then I will know, if I'd rather be alone
Take, take a moment of time and turn it back, so we can start from scratch
Suppose, I leave all I got, would it make it easier on your heartChorus
Well I'll take what I can before you leave
That is just a smile
I'll see you more that's why I can watch you breathe
That is all right
Come on and show me that silky skin
Your o so fine
I know we could turn it right
I know we could turn it right
So rightVerse 2
Throw, throw me a lifeline
We had a team
Would you save me if it all goes wrong
Grab, grab me cause I'm yours
Forever that's for sure
That's what I want you to tell meChorus
Well I'll take what I can before you leave
That is just a smile
I'll see you more that's why I can watch you breathe
That is all right
Come on and show me that silky skin
Your o so fine
I know we could turn it right
I know we could turn it right
It's all an illusion
Easier said than done
Let's make a conclusion
This is worth it if we tryI'll take what I can before you leave
That is just a smile
I'll see you more that's why I can watch you breathe
That is all right
Come on and show me that silky skin
Your o so fine
I know we could turn it right
Ahh ahh ahh

Ahh ahh ahh
Ahh ahh ahh
Ahh ahh ahh
Ahh ahh ahh
Ahh ahh ahhhhhhhhhhhCome on and show me that silky skin
Your o so fine
I know we could turn it right
I know we could turn it right
