First Week/last Week... Carefree

Talking Heads

Can we run that again
Is that a woman's voice I hear?
I said, "Let's wait and see. I'll see for myself"
That's a phrase I repeat
To myself
Made a reference to me and
That's myself too

What progress I have made the first week
First week
First week
First week

Every sentence I use
Refer to women and their names
I heard the voice first last week
I heard it myself
Made a reference to me
That's myself
This report's incomplete
I see for myself

Every appointment has been moved to last week
Last week
Last week
Last week

Oh...
Ah...
Oh...

I heard the voice first last week
I heard it myself
Made a reference to me
And that's myself
This report's incomplete
I see for myself

Every appointment has been been moved to last week
Last week

Last week
Last week

Oh...
Ah...
Oh...
