Jingle Bells

The Chipmunks

Dashing through the stores, on a chipmunk skating board
through the crowds we pray, shopping all the way
The wreaths are hung with care, So Santa will be there
What fun it is to shop all day when Dave is no where nearO Christmas time, Christmas time, Christmas time is here
Presents, lots and happiness, o wondrous time of year
O Christmas time, Christmas time, Christmas time is here
It's so much fun to shop all day, why can't this last all yearThere's so much here to chose and not much time to lose
We got to get back soon, my list will take till June
And toys are so much fun, that bike is almost done
Just one more book and I'll be set, we get what we just getO Christmas time, Christmas time, Christmas time is here
Presents, lots and happiness, o wondrous time of year
O Christmas time, Christmas time, Christmas time is here
It's so much fun to shop all day, why can't this last all year
