

# Red Light

## Apollo Vermouth

Yeah my baby called up said I done made her mad  
She's takin' me off for everything that I had  
Ran out of town and now she's come back  
Got Van Halen wailin' on the stereo eight track  
Watch out baby that's what I said  
There's a red light, road block, bridge out ahead

Here she comes in town runnin' lickety split  
Runnin' red lights the girl's mad as shit  
Comin' in town on some slippery road  
Ninety miles an hour gonna get my goat  
Tack started readin' in the double red  
There's a red light, road block, bridge out ahead

Well she came up to Jack's bridge but  
That bridge wasn't there  
She stomped the 'cellerator jumped right up in the air  
Tires was whinin' you could hear 'em sing  
That Firebird flew like it just grew wings  
Landed in my yard and she's totin' lead  
There's a red light, road block, bridge out ahead

Well my baby called me up said I done made her mad  
She's takin' me off for everything that I had  
Ran out of town and now she's come back  
Got Van Halen wailin' on the stereo eight track  
Watch out baby that's what I said  
There's a red light, road block, bridge out ahead.
