Heat Gets Hotter

Mirah

(Parts of Human Desire EP)I don't want to take you home
All the time
All the time
Baby baby can't you see?
You'll get more sleep
Without me
But if you lay me
Bend me
Shake me
I'm easy so take me
Sister
Take meThough we want to be alone
But i tease you
And you tease me
Fellow insecurity
But you've gone
But you've gone
Mother, father
Want to know your intentions
Heat gets hotter
Love's inventions
Heat gets hotter (x6)
