

# Never Stop Believing

Christopher Cross

Every night in my window  
I see pictures of  
The day we met I keep wishing on the falling stars  
To forget you but  
It hasn't happened yet And I still remember when you walked away  
It was more than my heart could believe  
Careless wind blew the smell of your perfume away  
But the touch of you, it never leaves So I'll never stop believing  
Someday your love is coming back to me  
No, I'll never stop believing  
Someday that you'll be coming back to me Everybody in my life  
They say forget that girl  
She's gone for good How can I explain this heart  
It just keeps hanging on  
'Cause something says it should Oh, I go on remembering how good we were  
The sweetest days I'll ever know  
This careless boy, somehow he let you get away  
But the touch of you, he'll never let it go So I'll never stop believing  
Someday your love is coming back to me  
No, I'll never stop believing  
Someday that you'll be coming back to me So I'll never stop believing  
Someday your love is coming back to me Time and time again I see  
Just how much she meant to me  
Oh, a love like that is meant to be  
She's got to come back, she's got to come back And I still remember when you walked away  
It was more than my heart could believe  
Careless wind blew the smell of your perfume away  
But the touch of you, it never leaves And I go on remembering how good we were  
The sweetest days I'll ever know  
This careless boy, somehow he let you get away  
But the touch of you, he'll never let it go So I'll never stop believing  
Someday your love is coming back to me  
No, I'll never stop believing  
Someday that you'll be coming back to me So I'll never stop believing  
Someday your love is coming back to me  
No, I'll never stop believing  
Someday that you'll be coming back to me So I'll never stop believing  
Someday your love is coming back to me  
No, I'll never stop believing

Someday that you'll be coming back to me
