Closer To You (2012 - Remaster)

Glass Tiger

It's sad
You keep me waiting
Listen, hear falling rears?
Watching someone replacing
All that you've given to me
To get ...
CHORUS:
Closer to you (tell me, tell me something)
Closer to you (tell me, tell me something) ...
Remember one night together
Always meant much more to me
Then came, pain with the pleasure
I leave
Now you cry for me
To get ...
CHORUS:
