I Won't Bleed

Jude Cole

Its a glorified high school in a Kodak flash
Homecoming kings and queens and pretty white trash
Graveyard mansions social X-ray gowns
Dont trip in my yard buddy, dont bring me downI wont bleed
I wont bleed anymore, no I wont
I wont bleed anymore than I already haveBlack clouds creepin a mile from the coast
When youre in trouble brother you gotta smile the most
'Cuz nobody wants you when youre out on a limb
Just pray for some water that you can fall inI wont bleed
I wont bleed anymore, no I wont
I wont bleed anymore than I already haveHere tomorrow, gone today
Gimme your number then go away
Im resurrected from the has been
So dont say you know me in the shape youre inIts glorified high school
In a peridot class ring
All the winners and the losers
Still lookin for the same thingI wont bleed
I wont bleed anymore, no I wont
I wont bleed anymore than I already
I already, I already have
