I Surrender

Scrapomatic

I surrender, take back the gloves
Put me out the ring, I'll clean up my own blood
Whoa ho ho, Well without love
You won't see me 'round here anymore

The weather is against me, the rain turned to hail
Streets are filled with broken hearts, I got the shovel and the pail
Whoa ho ho, you won't drag me to hell
You won't see me 'round here no more

Put my hands in boiling water, in three days the burns are gone
Throw me in the river. See if I swim or if I drown
Whoa ho ho, well I won't make a sound
You won't see me 'round here no more

They say life is just a game
Like Battleship or Candyland
Whoa ho ho, when I give the winning hand
You won't see me 'round here no more
No, you won't see me 'round here no more
