

# Set It Off (feat Lazerdisk Party Sex)

Diplo

I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off

Set it off, set it off, set it off, set it off,

Set it off, set it off, set it off, set it off,

Set it, set it, set it, set it, set it, set it, set it, set it, set it

Let's go! I want to set it off

I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off

I want to set it off I want to set it off

I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off  
I want to set it off
