

Shackled

1814

We've got to stop the oppression depression
Poverty stricken in this world, its true
We've got to stop the oppression depression
Poverty stricken in this world, its true
Jewels are vanishing one by one,
all over the world shackled and bound
we need to break these chains,
break down these concrete walls
escape ! escape !

Old mr. brown he stole a loaf in 64,
twenty years later, hes still paying the price
sister sister, where are you now?
sister sister, AID yeahh

Mama, dont you cry
Papa, dont you fight

Mr. brown, sister sister, mama, papa
Mr. brown, sister sister, mama, papa
Live lifes perils struggles
Live lifes perils struggles

Mr. brown, sister sister, mama, papa
Mr. brown, sister sister, mama, papa
Live lifes perils struggles
Live lifes perils struggles

Shackled, shackled, shackled, yeah
Shackled, shackled, shackled, yeah
