Screaming from the Heavens

Mercenary

[Music: Jakob]After all
The way you wanna live like this
And all along the way
It was meaninglessNevermore
Will I gain the same
The hiding of your shadow
The feeling is fadingFaster...
Forever, forever after
The burning sensation
The turning temptationScreaming
Screaming from the heavens
Would sweep the global
Disease, I'm hopefulFire
Bleeding desire
The burning sensation
The turning temptation
Faster
Forever, forever after
The burning sensation
The turning temptationScreaming from the heavens
and down upon thee
In tears of sadness(The shadow makes me forever dream)No...After all
The way you wanna live like this
And all along the way
It was meaninglessNevermore
Will I gain the same
The hiding of your shadow
The feeling still fadingFaster
Forever, forever after
The burning sensation
The turning temptation
Screaming
Forever, forever dreaming
Of the heaven
The bloodrede heaven...
