Sparks

Neon Hitch

Light flickers on
In my eyes when we collide
In the dark I see you flyin'
In the shadows we are goldenOh, I I'll love you till death do us apart,
Uh, oh I, I with the last beat of my heart'Cause we are like sparks
We are we are we are alive
Can't wait no longer?
We are like sparks
We are we are we are alive,
So love me harderOh uh uh uh uuh
Oh uh uh uh uuhStars hold the plan,
I never know we had the night
Take my hand and show me how
Can you feel my skin, it's burning
Oh, I I'll love you till death do us apart,
Uh, oh I, I with the very last beat of my heart[Chorus]
'Cause we are like sparks
We are we are we are alive
Can't wait no longer
We are like sparks
We are we are we are alive,
So love me harderOh uh uh uh uuh
Oh uh uh uh uuh
We are like sparks
Oh uh uh uh uuh
Oh uh uh uh uuh
We are like sparksEy ey eh eh eh (x4)[Chorus]
'Cause we are like sparks
We are we are we are alive
Can't wait no longer
'Cause we are like sparks
We are we are we are alive
Can't wait no longer
We are like sparks
We are we are we are alive,
So love me harderEy ey eh eh eh (x4)
