

# Mr. So and So

## The Julie Ruin

I jump out of my plane in a parachute  
That says girls rule  
with a sleeter Kinney t-shirt on  
And when I land u know I'm just gonna have to demand a book list..just--  
You just write it on my hand and make sure it tells my why feminism needs to exist

Take a picture with me  
Ooops I snuck a kiss  
cmon it was just a joke  
My girl friends a really big fan  
Silence.....Silence

Oh waitll u you like the shield will hide me  
From how I really feel

And criticism Btw you play so good for a girl  
And thanks for all you do  
Pot pat on the head  
??Standing close now go??  
now go change the world

You can't say goodbye  
Before I get my hello  
Mr so and so  
Its all just for show  
Such a sweaty glow  
Mr so and so

I'll stand in a crowd w my hand in my coat at like  
Every single show  
I just love girl bands  
how they take command  
its a turn on u don't need to know  
Follow u down the street to make my collection complete  
And think its all ok  
I'll show your autograph to my women's studies class  
Without hearing what the teacher has to say

You can't say goodbye  
Before I get my hello

Mr so and so  
Its all just for show  
Such a sweaty glow  
Mr so and so  
Mr so and saahhhhh  
aaaaahhhhhhohhhhhh

No one smells like ur ass  
In my backstage pass  
shy girlfriend in toe  
Gonna ask u to play  
Just a week and a day  
Before my festival  
Cos the bands all guys and ppl wanna to know why  
And I need u for some press quotes  
You'll play mid day on the dumpster stage  
And on the fliers we'll make sure  
To misspell your name

You can't say goodbye  
Before I get my hello  
You can't say goodbye  
Before I get my hello  
Mr so and so.
