

He Ain't With Me

Vonda Shepard

Calling all these other guys
I'm seeing something I didn't before
Is that a new look in your eyes?
They don't believe that I'm asking for more I saw you walking down the street
With another girl who looks just like me
People always say we look so happy
He took my love but he didn't take me He ain't with me, he ain't with me
He says he loves me but he don't look in my eyes
But I'll take it till it's all gone 'cause
He ain't with me but at least I'm not alone You say you laughed with your old girlfriend
You're doing nothing to encourage the end
I could be charming on long distance too
And if you want I'll make it easier for you Communication is the key
Interrogation don't work for me
You saw that other guys smiling at me
If you were here I wouldn't act so free He ain't with me he ain't with me
He says he loves me but he don't look in my eyes
He likes to hold my hand in public
Stranger can't you see he ain't with me He ain't with me, he ain't with me no more
He ain't with me he ain't with me I guess fate really has my number
Every time you wander away
I reconsider all the time you said you'd stay He ain't with me, he ain't with me
He ain't with me, he ain't with me
He likes to hold my hand in public
He ain't with me, he ain't with me no more
He ain't with me no more But I'll take it till its all gone 'cause
He ain't with me but at least I'm not alone
He ain't with me He ain't with me no more
He ain't with me
He ain't with me no more
He ain't with me He ain't with me
He ain't with me
He ain't with me no more
He ain't with me
