Turnstile

Dillon Fence

Raise your voice in swells, find your meanings then
Use your signs inside to relive and never care.No point in holding back on what you're holding
No matter it be shit or it be golden
Foundations shift, they're still shifting
We set up, we set up our fallsHold on tight to your fears
Cause that's your hatred
And that's your love as wellLearn to use all your fears
As a fuel, an engine
To get you where you needI must always remember...
There's no point to surrenderNo point in holding back on what you're holding
No matter it be shit or it be golden
Foundations shift, they're still shifting
We set up, we set up our fallsHold on tight to your fears
Cause that's your hatred
And that's your love as wellLearn to use your fears
As a fuel, an engine
To get you where you needI must always remember...
There's no point to surrenderI shift.I shift.
