The Wall

Yuck

Tryna make it through the wall
Tryna make it through the wall
But you can see me if you're tall
But you can see me if you're tallTryna make it through the wall
Tryna make it through the wall
But you can see me if you're tall
But you can see me if you're tall
Lookin' overTryna make it through the wall
Tryna make it through the wall
But you can see me if you're tall
But you can see me if you're tallTryna make it through the wall
Tryna make it through the wall
You can see me if you're tall
You can see me if you're tall
Lookin' overAnd I know that I'm in space
And I know that it's not real
It's just the way that I feel
It's just the way that I feelAnd I know that I'm in space
And I know that it's not real
It's just the way that I feel
It's just the way that I feel
Lookin' overTryna make it through the wall
Tryna make it through the wall
You can see me if you're tall
You can see me if you're tallTryna make it through the wall
Tryna make it through the wall
But you can see me if you're tall
Well, if you're tall
Lookin' overLookin' over
Lookin' over
Lookin' over
Lookin' over
